

INDIVIDUAL LIFEPLAN RETREAT

Ron and Geri Swingle

HIDDEN TREASURE COACHING & CONSULTING

PROGRAM OBJECTIVES

If you are approaching or in a turning point in your life, the need for developing a strategic plan may seem obvious, yet elusive. No matter what life season you are currently in, being intentional about the direction you are headed can reduce years of waste and trial-and-error experimentation for your future.

Through personality assessment, planning and personal coaching, this program helps you discover your “sweet spot” - that intersection of your strengths and God’s role for you in His great story - and ways to integrate your strengths into your personal mission and vision for the future. You will be equipped to better leverage your strengths, as well as better decision-making, as you learn to use your personal mission as a filter for where and how you allocate your resources of time and energy.

CURRICULUM

This proven, faith-based planning program consists of 3 components:

ASSESS: a personality assessment (i.e. an Enneagram Typing Interview) helps you identify how you are wired, including your strengths and challenge areas.

PLAN: a 10-session Zoom program where you will work to develop a strategic LifePlan, with reliance on God’s direction and the aid of your professional LifePlan facilitator.

COACH: a follow-up private coaching session will help assess how execution of your plan is progressing along with helpful mid-course corrections to shore up problem areas.

WHO IS THIS FOR?

This program is for a man or woman of any life stage who wants more alignment and fulfillment in his or her life; who desires to live out of their God-given strengths and passions. That could apply to young men or women desiring to set a God-directed course and live strategically early in their adult lives, professionals looking to find balance and fulfillment in the hectic years of career and family building, middle-agers looking at transitional role changes, and later-stagers who believe they have something more to give; to build their legacy.

COST

The cost for the program is \$1,299.00 and includes the following:*

LifePlan Program

- Assessment + Individual Private Debrief or Enneagram Typing Interview
- Individual LifePlanning Program over 10 private 1-hour Zoom sessions – resulting in a strategic LifePlan document
- 1 follow-up Couple Coaching Session**

* 50% down-payment due to initiate program; the remainder due before 5th LP coaching session.
